BREVILLIER COVID-19 UPDATE FOR Friday July 31st, 2020

Happy Friday everyone!

Another beautiful Friday afternoon at Brevillier Village.

Several families have asked recently - "If you have a positive COVID result from a resident or staff would we be notified? The answer is YES you would. This is required by many of our regulatory agencies and would be done via mail, email, or phone call. We have a communication team established to handle this. All residents, staff and families in all buildings would be notified.

I continue to be thankful for our "guardian angel" at Brevillier Village.

We are so grateful for this wonderful weather, so we have not had to cancel too many of the outdoor visits.

We will continue to have the visits unless the state returns to a yellow or red status or we do get a positive result on the campus (again per the regulations).

Below, Maureen is going to share some exciting news for Brevillier Village and the Erie Choice Awards!

Brevillier Village has been nominated for **THREE** categories in the **Erie's Choice Reader's Poll Awards!** Voting for the top three business will run August 16th thru August 30th. Please vote for Brevillier Village, as our residents & staff truly embrace your acknowledgements. Being able to celebrate the nominations has already been a morale booster for so many of us during these challenging times.

- ✓ **Best Senior/Retirement Facility**
- ✓ **Best Rehabilitation Facility**
- ✓ **Best Place to Work (100+)**
