

Barnabas Court Visitation protocols:

October 15, 2021

Barnabas Court North—RED ZONE--Controlled Compassionate Visits

Barnabas Court North is able to schedule half hour visits between 10 am and 3 pm on weekdays in the front conference room. Families can schedule visits through the BC North Secretary Emily.

There can be one visit per resident per week, with only 2 people per visit. This gives each family a chance to come and visit. Residents with Covid are not allowed to have visits until their isolation time is over.

Families may not go into the building to get their resident. When you arrive, the staff will escort the resident down to the front office. The table with the divider will be wiped down between each visit, please respect your allotted time so that we can prepare for the next visit.

Visitors are to go to Ball Pavilion as they have in the past but are to be in full PPE including Mask, gown, and gloves during their visit.

This will continue until Barnabas Court North is back in a green zone again!

Barnabas Court South

The South building is still in a green zone so residents are allowed to have guests as they wish, but all visitors **MUST STILL STOP AT** Ball Pavilion to screen and get the proper PPE. Visits can be indoors or outside.
