SHARING LOVE 24/7

February is known for celebrating love, particularly the romantic kind. At Brevillier Village the kind of love we share is different. Our love is 24/7, it does not take a day off, and often does not come wrapped up with a fancy bow, but comes from the tenderness shared from our staff members. The love you will find with us is like an old friend. It wraps you in comfort like a warm blanket and sunshine on a warm day. Each of our residents are cared for in a way so they may experience love every hour of every day. We celebrate love not just this month and not just romantically, but through the eyes (and hearts) of the caregivers who give so much of themselves through the care provided. The combined departmental effort and shared appreciation for the Brevillier Village mission, are what keeps our love alive and strong.

BREVILLIER VILLAGE HISTORY

In the previous newsletter for January, there was a section dedicated to the robust history of Brevillier Village. Specifically, as it relates to the founding forces behind our Mission. These sources include the Ball and Brevillier families, the Brotherhood St. Barnabas, and the Episcopal Diocese of Erie. Each playing a vital role in the development of Brevillier Village as we know it today, a non-profit specializing in providing housing and healthcare for older adults.

As a local non-profit, Brevillier Village operates with a mission that was designed over 50 years ago. To honor this legacy, we will spend the next 12 months sharing details about our historical roots, mission, community connections and involvement, and goals for the future. Caring for our elders is an honor, and we hope you will continue to be a part of our story and learn how your participation makes a difference in the work we do.

Help Keep Our Residents Safe: DO NOT Hold Doors Open

Resident safety is our top priority. We ask that you be mindful of who is going through the coded doors at the front office.

- Please take care to NOT hold the door open for a resident that is not accompanied by staff or their family.
- Any visitors taking a resident off campus must notify the nurse before doing so. Paperwork is required to ensure the safety of your loved one.

Bundling Up: Residents with Winter Appointments

With the frigid temps it is recommended families help keep their loved one prepared. Please provide your family member with adequate winter clothing such as winter coats, hats, scarves, gloves, and proper footwear (covering entire foot) for residents to wear while being transported to and from appointments. Safely loading residents on and off of the wheelchair accessible vans takes time, often requiring them to experience the cold temperatures. With your help, we can help prevent potentially adverse outcomes when experiencing extreme weather conditions.

EMTA Route 260

Starting Monday January 12th, EMTA Bus Route 260 has began stopping at Brevillier Village, Monday through Friday. The bus will stop at Port Erie Plastics first and then stop at Brevillier Village. The times will be 8:15am, 4:15pm, and 12:15am. These times are all approximate and the bus may arrive a few minutes past those times it just depends on the weather. This is great news for anyone looking for a job and needs transportation.

Resident Mail and Visits

Residents love receiving personal mail, especially a letter from their loved ones. We have recreation staff and volunteers who are happy to ensure prompt delivery, and spend time reading to them. To be sure your family member receives your message and/or holiday packages, please note the separate addresses for each building.

BREVILLIER VILLAGE HISTORY: PART 2

Driving Forces Recap

The history of Brevillier Village has been shaped by four major influences which include the:

Ball Family

Miss Oceana Ball owned and operated the Ball Home located on 61 East 6th Street. The Ball Home provided shelter for 15 to 18 women at one time. In the early 1970's the Ball Home was sold and a trust fund was established which was used as collateral to build the original Ball Pavilion which opened November 29, 1977.

Brevillier Family

In the 1930's Frederick and Katherine Brevillier began building the two story mansion that still stands at Brevillier Village today. Originally it was built as a summer home but soon became Mrs. Brevillier's permanent home. Upon her death, Katherine Brevillier bequeathed the mansion, property and trust to the Episcopal Cathedral of St. Paul that it be used for "religious, charitable, educational, and such other similar purpose for the elderly."

Brothers of St. Barnabas Home

In 1977, St. Barnabas House closed its doors when state regulations prevented compliance due to financial costs. The remaining 22 residents of the home became the first residents of Ball Pavilion at Brevillier Village, which began operations in November of that same year.

Episcopal Diocese

Entrusted with several properties and visions for legacy, Saint Paul's Episcopal Church aided in the creation of the Brevillier Village Foundation in 1986. Today, the Diocese still serves as a liaison and offers resources as needed to Brevillier Village residents and staff. Representatives, including Dean Melinda Hall, serve on the board of directors.

FIRST TENANT AT CONRAD HOUSE

Mrs. Julia A. Hynes, who plans to be one of the first residents to move into the new Conrad House when it is ready for occupancy March 1, signs the lease for her new apartment. With her are Robert E. Sevin, left, vice chairman of the board and chairman of admissions, and Leroy H. Weiss, manager of Conrad House. Conrad House is located on the shores of the lake on the former Brevillier estate on East Lake Road in Harborcreek, next door to the Pussy Wil-

low. Sponsored by the Cathedral of St. Paul, the eight-story building contains 133 apartments for men and women aged 62 and over. Prerequisites for renting an apartment include meeting the minimum age limit, being in reasonably good health, and have a maximum income of no more than \$5,940 for individuals or \$6,615 for couples. Rental applications for Conrad House are being accepted at the Cathedral of St. Paul Chapter House, 134 W. 7th.

"Caregiving often calls us to lean into love we didn't know was possible."

- Tia Walker

The truth is caregiving is hard, whether caring for your own love one or as a staff member. This is not a job for the weary, however the rewards are priceless. Sharing your time with the elderly is one of the kindest gifts you can share. Brevillier Village takes pride in providing a dignified and respectful environment for residents and caregivers.

Why It's Meaningful to Mention Brevillier Village in Obituary Planning

An obituary is more than a notice of passing—it is a reflection of a life lived and the legacy left behind. For many individuals and families, including a meaningful nonprofit in obituary planning is a powerful way to honor those values while making a positive impact. For supporters, residents, and families connected to Brevillier Village, mentioning the Village in an obituary is a thoughtful and impactful choice.

Honoring a Commitment to Compassionate Care - Brevillier Village is a nonprofit senior living community dedicated to providing compassionate, dignified care for older adults. For many residents, families, volunteers, and supporters, Brevillier Village represents community, faith, service, and respect for life at every stage.

Creating a Legacy That Lives On - Many families choose to include a line in an obituary suggesting memorial contributions be made to Brevillier Village in lieu of flowers. This simple mention transforms remembrance into action. Memorial gifts help sustain programs, support staff, enhance resident services, and ensure Brevillier Village can continue its mission well into the future. For a nonprofit organization, these gifts are not symbolic—they are essential. Each memorial contribution directly supports seniors who depend on high-quality care, creating a living legacy that continues long after the obituary is published.

Providing Purposeful Direction for Family and Friends - In times of loss, friends and family often ask, "How can I help?" Including Brevillier Village in an obituary provides a clear and meaningful answer. Rather than sending flowers that fade, loved ones can honor the deceased by supporting a cause that mattered deeply to them. This guidance can be comforting for families as well, knowing that tributes made in their loved one's name will have a tangible and lasting impact on the lives of others.

Strengthening a Community Mission - Every obituary mention helps raise awareness of Brevillier Village and its mission as a nonprofit senior facility. This awareness fosters broader community support, ensuring the Village can continue to serve future generations of seniors with the same compassion and excellence. In this way, one life remembered can strengthen an entire community.

A Simple Line That Makes a Lasting Difference - Including Brevillier Village in obituary planning is a small act with profound impact. Whether through a memorial gift designation or a brief acknowledgment of the Village's role in a loved one's life, it is a meaningful way to honor the past while investing in the future.
